

HOW TO FIND State Capitals and Borders

Apply Map and Globe Skills

DIRECTIONS: Use this map of the southwestern part of the United States to finish the activities on the next page.

(Continued)

1. Underline all the state capitals that contain the word *City*.
2. Trace over the places where a river forms part of a state's border.
3. There is one place in the United States where you can stand in four states at once. Find this place on the map and mark it with an X.
4. Draw a circle around the two state capitals that are closest to each other.
5. Find a lake that has the same name as a state capital. Color the lake blue.
6. Santa Fe (FAY) is the oldest capital city in the United States. Find the state whose capital is Santa Fe. Color that state red.
7. Find the state that borders Utah to the east. Put a square around its capital.
8. What nation borders the United States to the south?

9. Name the five states the Colorado River touches. _____

10. Which state capital is closest to the Pacific Ocean? _____
